

## ATTENTION YAM MEMBERS

### Turn Up The Creative Heat & Stand Up Against Racism!

A new competition has been designed **JUST FOR YOU!**

Guess what? The Common Senses Campaign is amped up and ready to kick it with the "Art for Change Competition!" Art isn't just about colours and canvases, it's a total game-changer. It stirs up your creative vibes, fires up your imagination, and lets you be you. So, we're throwing down the gauntlet and calling all the cool cats from across Africa to join the party!

We will hold meetings to explain the brief and answer any questions you may have.
